

The item(s) have been added to the active cart in Ariba. Items can be removed from the cart within Ariba, but all items must be removed from the cart. If there is a change in quantity or additional items are needed, delete the items and start over; or go back to the Gescent purchase to bring additional items in.

Consult the Gescent Electric representative for quotations on products that the local branch may not carry, or items that are not typically purchased with high frequency. The account manager can find the

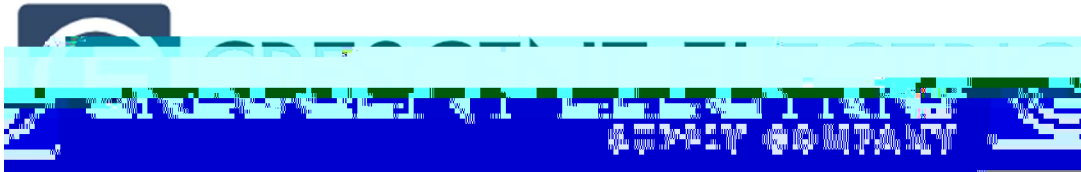

Shopping lists are a great way to organize frequent product purchases, and they can be managed

- Options available for working with the shopping list include email the list to an email address, rename the list, delete the list, upload items into the list, remove or adjust items, add the entire list to the cart, add individual items and quantities to the cart, among other things to help manage the lists

Free shipping Yes, except for expedited orders where inventory is not at the local branch within the district, or orders from non-standard or non-stock vendors that Gescent does not deal with on a regular basis

Additional information All brands are available. Some items may be out of stock. See the E-commerce page for more information.
